

# LIGHTING FOR COMMERCIAL

Brighten your commercial space with energy-efficient LED Lighting that boosts productivity. Leverage dynamic lighting to effectively adapt to a variety of different applications and spaces.

## OFFICE FUNCTIONALITY

Take advantage of multi-zone functionality to create the ultimate employee or customer experience. Choose from warm or cool lighting to enhance relaxation or encourage productivity. Leverage optional sensor integration to control lighting based on occupancy or time of day.

## RETAIL AND DISPLAY

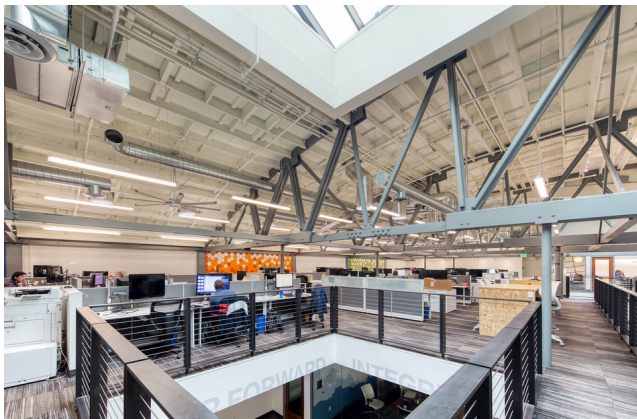

Ensure color consistency with clean, bright LED lighting and safely protect light-sensitive merchandise or artwork with minimal heat and UV exposure. Improve the overall customer experience with clear and constant illumination that is easy on the eyes with LANTANA's proprietary diffused lens.

## THE LANTANA COMMERCIAL SOLUTION

LANTANA lighting solutions for commercial spaces and offices offer steady and consistent output. The Remote Driver Unit with zone-specific lighting controls and daylight sensors allow for adequate amounts of light.

### SAVE ENERGY AND MONEY

Capture rebates and energy savings with fixtures that are DLC listed and engineered for ultra-efficiency. Reduce long-term ownership and replacement costs as LANTANA LED Architectural Fixtures offer more than 100,000 lifetime hours and a 10-year warranty. Extend the life of the fixtures with optional sensor integration that supports daylight harvesting and occupancy controls.

### EXPERIENCE BETTER LIGHTING

Prevent the "cave effect" with 75% direct and 25% indirect light to evenly illuminate your space. Take advantage of multi-zone functionality to control lighting for different rooms and applications. Customize the color and intensity of the lighting to change the ambiance of spaces without changing the design of the room.

### IMPROVE ACCESS AND SAFETY

Safely evacuate occupants during an emergency with lighting controls that allow you to easily navigate to the exit. Conduct maintenance away from employees and customers with centralized lighting controls.

### CONSTRUCTION

- Extruded anodized aluminum spine
- Acrylic co-molded diffusing housing
- White plastic endcaps
- Custom colors available

### MOUNTING

- Pendant
- Unistrut
- Surface Mounting

### LENGTH OPTIONS

- 4', 6' and 8' fixtures
- Quick-connect for up to 100'

### OPTICS

- Dual finish acrylic lens providing naturally diffused light
- Efficiency up to 147 lumens/Watt
- Full range dimming
- Ambient environment operating temp: 32° - 185°F (0° - 85 °C)
- 25% Indirect
- 75% Direct

### COLORS TEMPS

- Within 2-3 McAdams
- 3000K, 3500K, 4000K, 5000K

### FIXTURE OPTIONS

- Premium LED
- Tunable White
- Dynamic Circadian
- Continuous Run

### MAINTENANCE

- L70 @ 238,600 hours
- L85 @ 109,500 hours
- L90 @ 71,400 hours

### POWER OPTIONS

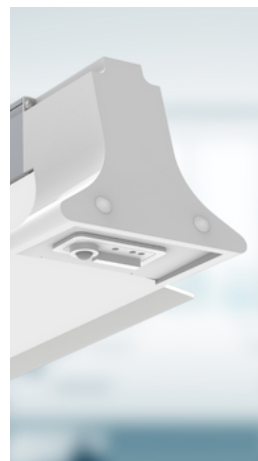

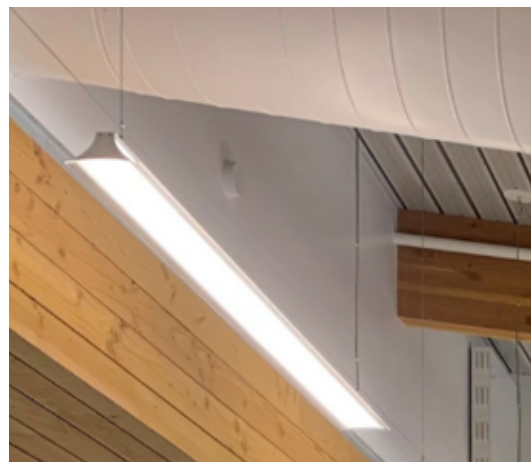

- Remote Class 2 Driver
- Integral Class 2 Driver (120/277/347 VAC)
- Power-over-Ethernet

### EMERGENCY OPTIONS

- UL 924 listed
- Onboard battery backup available

### WARRANTY

- 10 years
